Customizable options in your business

Personalized Experience And Service Through Simple Steps For Your Customers

In-house development allows our system to adapt its features to new necessities presented by customers constantly.

This feature lets business generate a more engaging experience between employees and customers.

- ✓ Apply modifiers.
- ✓ Mixed and classified toppings.
- ✓ Customized sizes and bread types.
- ✓ Increase orders accuracy.

Increase
Kitchen Operations

«« Increase Kitchen Operations

The perfect bridge between your clients and your team in the kitchen, monitor incoming orders with a customizable setting to display every detail throughout a touchscreen and durable hardware.

With our Kitchen Display integration you can increase your business productivity. Efficiency is guaranteed with the right tools, allowing your team to self-improve with a system developed to redefine the restaurant experience.

Speed Up Service With Immediate, On-Screen Tickets Display.

Equip your kitchen team for success by allowing them to have a technologically advanced screen order display viewing so they can prepare high-grade meals effortlessly.

Improve Coursing Management And Order Accuracy With Our Kitchen Impact Printer Integration.

Printers have been part of the kitchen for a significant amount of time; the KDS enhances your operations, and it also allows you to integrate printers to increase productivity and order accuracy.

Digital Ordering Integration.

Aggregate all orders from AB GO and third-party channels on your KDS.

Improve Cook Times To Provide Outstanding Guest Experience With Meal Pacing Tools.

Our order color change features ease and enhance order speed and accuracy. They change according to the received time to ensure diners at the same table receive meals uniformly.

A brand new software made for **Modern Businesses**

THE BEST OPTION TO HAVE A VIRTUAL RESTAURANT

This is an interactive and modern alternative for electronic payments from your customers' devices directly to your online restaurant, making it more accessible, secure, and affordable. It also allows you to position your business, making this a unique opportunity to grow credibility and profitability.

You take control of your restaurant with just a click from any device, allowing you to stay constantly updated and offer new options to customers while providing an unforgettable experience.

Stay Connected

to your business
Any time, any place, any device.
